## Term Two Course

This series of classes is suitable for the 'recreational' artist with Larisse taking you on a weekly journey of fun and creative exploration, developing your art to its full potential!

"Ryan" - Larisse Hall

Larisse, tailors her tuition to individual class members, allowing each to fully explore and develop skills from drawing through to painting.

Students will advance their individual works, using techniques and concepts introduced weekly by Larisse. The course content will cover such things as inspiration, composition, colour mixing, perspective along with the importance of contrast, tone and positive critique techniques through to the successful and satisfying completion of each artwork!

- If you have a piece that you wanted to undertake but were unsure where to begin – this is the course for you!
- If you want to focus on developing your drawing skills and/or painting techniques, this course will simplify it into achievability!

With classes at a maximum of 6-8 students, individualized tuition enables each artist to develop and complete their own works of art whilst learning new and simplified drawing and/or painting skills each week.

Students can follow-up this term's learning in subsequent terms.

The Impressions Studio is set up specifically for artists and makes painting a breeze in a friendly and relaxed environment that enhances the creation of your very own masterpiece.

**Park in the Petrie Car Park on McGlashen Avenue  
and just look for the signs for the Studio  
behind the Impressions store.**

### Materials to Bring:
